

## Seawell Seeking State Board Post In Coming Vote

Basing his campaign on "the acute need for a general overhauling of the state board of equalization," State Senator Jerrold L. Seawell of Roseville today announced his candidacy as a member of the board from the third district.

Seawell, president pro tempore of the California state senate and veteran of 20 years service in the legislature, in a pre-campaign statement, declared he would conduct his fight for election on issues rather than personalities. The issues, he said, would include:

1. A thorough exposition of the board's functions as well as its history in an effort to bring it closer to the people.

2. A revision of the board's tax collection machinery in order that the people who pay the taxes receive the most for their tax dollar.

"Too many Californians are under the impression that the board of equalization merely is concerned with the enforcement of liquor laws," Seawell explained. "As the state's official tax collection agency the board plays an important role in the lives of all of us. If for no other reason that the board collects our tax money, it seems to me we should all pay strictest attention to the manner in which the board's affairs are conducted."

Seawell added that the need for a vigorous and competent administration of the board "has become obvious," especially during the past few years. "California's tax collection machinery," he continued, "demands policing as well as modernization."

"This I propose to do if elected," Seawell said. "Every department of our state government must be brought up to date. I think it only fitting and proper that our tax collection agency should lead the way."

Seawell, a former locomotive engineer, has served 14 years in the state senate. In 1939, 1943, 1945 and during the recently completed special session, he was president pro tempore and, as such, was the most powerful figure in the upper house.

He entered public life in 1927 as a member of the Roseville board of education and was elected to the assembly as an independent candidate the following year. In 1932 he was elected to the senate.

As a member of the California state legislature, Seawell's voting record reveals him to have been a sponsor of sound business and labor legislation over the years. He was one of the original authors of the California Old Age Pension Law and also was an original author of the Central Valleys Water Project bill. During his legislative career he has served on such key committees as agriculture, governmental efficiency, finance, judiciary, natural resources, fish and game, social welfare, revenue and taxation, and military and veterans affairs.

Seawell was born in Colusa county in 1897. In 1922 he married Mildred Alberta Brown. They have two children, Robert Niles, 21, now in the U. S. Navy and a veteran of the western Pacific campaigns, and Jerry Jean, 19.

The counties in the third district which Seawell seeks to represent include Marin, Sonoma, Mendocino, Del Norte, Humboldt, Lake, Solano, Yuba, Colusa, Glenn, Tehama, Trinity, Yuba, Sutter, Butte, Napa, Siskiyou, Modoc, Lassen, Plumas, Sierra, Nevada, El Dorado, Placer and Shasta.

### Chipmunk Chatterings

This column written and edited by the Senior Class of Meadow Lake Union High School.

The sophomore class presented a program on George Washington's biography under the direction of Mr. Justice Thursday afternoon, Feb. 21. There was no school Friday, Feb. 22, to commemorate Washington's Birthday.

Mr. Wood of the Underwood Company from Reno repaired the typewriters Monday afternoon.

A new set of books arrived on Monday for English classes. They are Shakespeare's plays and each book includes five plays.

The school bus will take the students over to Mount Rose on Saturday morning where many will enter the ski meet there.

### NOTICE TO WATER USERS

Water will be shut off each afternoon two hours on account of shortage of supply. Reading meters will begin March 1.—Truckee Water Co. Go To Sacramento—

Mr. and Mrs. Glenn Coffey and children were visitors in Sacramento on Thursday.

Mr. and Mrs. Ed Rea of San Francisco who spent the weekend at Gateway Motel have bought property in this area and plan to build a home. The Reas snowshoed over the surrounding country and enjoyed their hobby of photography.

Moved—

Mrs. W. C. Wathen wrote last week that she has moved from San Francisco to Bowman, California.

## .: Sun :. Beams

By WALTER M. BARRETT

We believe that the action of the highway commission in allocating \$50,000 to provide a new main thoroughfare through Truckee will do more than anything that is proposed to develop the town. For many years, the unsightly front street has been a bone of contention and no one had the authority nor desire to do anything about it. We want to express our appreciation to the Commission, the Governor, Senator Seawell and others who sponsored the important improvement.

This week Senator Jerry Seawell tossed his hat into the race for the state board of equalization, a post held for some 40 years by Richard Collins of Redding. We urge you read Seawell's announcement in another column of the Sun today. We believe it to be based upon sound judgment and common sense, two splendid attributes Seawell has exemplified in the legislature where he has represented us of this district since 1928. We will miss his able counsel in the legislature, but know that his knowledge and abilities will be more far reaching in the important post he seeks. You will agree, we are confident, that his election is important to the state and the state board of equalization.

### NORTH TAHOE

by MADELINE GALLERANI

Mr. and Mrs. W. Althof are visiting in Los Angeles and are expected back in Kings Beach by Wednesday.

Mr. and Mrs. Lester Levy of San Francisco along with several friends spent a week at their Brockway home.

Mr. and Mrs. N. P. Houck of Kings Beach returned from a month's stay in Los Angeles.

Mr. and Mrs. Tom James of Tahoe Vista are spending a few days in Sacramento.

Mr. and Mrs. Fred Miller of Kings Beach spent the weekend in San Francisco.

Mr. and Mrs. Tom Tomsen, former residents of Kings Beach, are now living in Verdi.

Mr. and Mrs. Jack Shingle of Kings Beach are visiting with friends in Auburn.

George Miesenhimer of Tahoe Vista motored to Carson City on Saturday where he is receiving weekly treatments with penicillin for an infected arm.

Mr. and Mrs. J. R. Gallerani returned to Crystal Bay on Wednesday after a two months' stay in Hollywood, Florida.

It's a girl for Mr. and Mrs. John Rondell of Crystal Bay, born Sunday, February 24th, at a Reno hospital. The proud grandparents are Mr. and Mrs. Orin Branch of Tahoe Vista.

Mr. and Mrs. Earl Nelson of Kings Beach are visiting in San Francisco.

Mrs. R. Dennis of Kings Beach spent several weeks in Boise, Idaho.

Mrs. B. E. Brooks of Kings Beach returned here with her father, Mr. D. Jones of Long Beach. Mr. Jones spent a few days here purchasing land where he plans to build a summer home.

Mr. and Mrs. Fred Barton of Kings Beach entertained a few friends at a dinner party on February 16th. Guests included Mr. and Mrs. I. F. Miles and Mr. and Mrs. Clare Walters and Ray Barton.

Mr. and Mrs. John Gallerani were hosts to several friends at a dinner party given on Wednesday, February 20th. Invitations were extended to Mr. and Mrs. Bob Eddy, Mr. and Mrs. Lloyd Decker, Mr. and Mrs. Warden Fields, Mr. and Mrs. John Lathern, Mr. and Mrs. Fred Baker, Charles Day and James Kirby.

### Personnel of U.S. Forest Service Here Is Shifted

District Ranger H. I. Snider of the U. S. forest service announced that Ralph Throop has replaced Ralph Preece in Truckee as fire control assistant. Preece will take a similar post at the Big Bend forest service station.

Throop was formerly assistant timber sales administrator at Sonora. He will be joined here shortly by his wife and children.

### Movie Executive Speaks At Rotary Club Meeting

Gene K. Walker of Walke Productions in San Francisco gave an interesting talk on a movie being made of Southern Pacific railroad activity and facilities at the Rotary Club Monday night. Steve Aplin was program chairman and Art Couillard presided. Guests at the session were Fred Black, Reno; Pete Land, Sierra; Al and Richard Bradshaw of Truckee; Leif Nielsen, Tahoe City; Milan Haven, Donner Summit; Roy Bainbridge, William Thorp and Joseph Dives all of San Francisco. William Rindfleisch of Brockway was inducted as a new member.

Sheriff Carl Tobiasen was a business visitor here last Thursday.

Miss Betty Pearson of San Luis Obispo was the week end guest of Mrs. James Thomas.

## Tahoe Lateral Has \$115,000 Appropriation

### Tahoe Road Improvement On Same Program as Street Here

A project equally important to this region as the scheduled new main street highway commission when it appropriated \$115,000 for realigning and repairing State Route 89 from the Tahoe wye to Tahoe City.

This work was approved at the meeting of the commission held in Oakland last week at the same time it gave approval to the \$50,000 appropriation for the new street through Truckee extending from the Tahoe wye to the Hobart railroad crossing east of town.

Both projects come under the 1946 repair program of the division of highways. While no definite date was announced for the work, it is expected to be underway by midsummer as funds will be available at that time.

Although no recent survey of the route through Truckee has been made, it is understood that the present road will branch off east of Gateway Park, cut through McIver's pasture, straightening the road on the west approach and then follow its present route down the main street and go east through Thornton's Garage and hug the Southern Pacific's "balloon" track to rejoin highway 40 at the old rail crossing.

Highways have been secured for widening and repairing the Tahoe-Truckee route, making the road up the Truckee River more adequate for an increased volume of traffic.

### NEW MANAGER FOR BANK BRANCH WITH FIRM FOR 23 YEARS

James A. Owens of Sacramento has arrived here to take over management of Truckee branch of Bank of America, a position held for the past three years by R. N. Little, who has resigned to engage in the real estate and insurance business here.

Mrs. Owens and the couple's two daughters, Joan and Irene, aged 11 and 14, are remaining in Sacramento until Owens arranges for a suitable residence for them.

The new manager is greatly impressed with the area which he will serve and expressed his confidence in the future development of the region. He has been associated with the Bank of America for 23 years, having worked in the main office at San Francisco before going to Sacramento 13 years ago. While he has served as relief manager on many occasions, this is his first assignment as branch manager. He was assistant cashier in Sacramento before coming to Truckee.

The new manager was accompanied to Truckee by William Doidge, assistant branch supervisor for northern California, who aided in the transfer of the management.

After today Little will devote his full time to conduct of his business.

### Huston Buys Partner's Interest In Lake Firm

Full control of the Sierra Builders Supply Company at Tahoe was taken over this week by Robert Huston who purchased the interest of his partner, Alex Donaldson.

Donaldson announced he will return to the building contracting business in which he was engaged for many years at Tahoe before entering the lumber business. He plans to start immediately in the new enterprise.

Huston in making the announcement, said that the company will continue the same policies as before, offering the best materials available in all building requirements. An enlargement program, embracing the most modern methods of the building supply business will be undertaken this summer, Huston said.

### Daughter Born to Ellis

Kitty Lou was the name Mr. and Mrs. Jack Ellis of Truckee chose for their daughter born on February 18 in Washoe General Hospital, Reno. The baby weighed 7 pounds 2 1/2 ounces at birth.

Mrs. Ellis' parents, Lt. and Mrs. Don Ryan of Long Beach, and Marian Ryan, WAVE yeoman, were local visitors and accompanied the new arrival back to her local home.

### Anniversary Party—

Mr. and Mrs. Stanley Zwarg were hosts at a party on their wedding anniversary Friday, February 22.

## Ruling By Kenny Favors Nevadans In Donner Query

Attorney General Robert W. Kenny has decided that "under the facts as developed we can not see how any legal proceeding which would accomplish anything beneficial for the state of California could be successfully prosecuted" in regaining control of the waters of Donner Lake for the state from the Sierra Pacific Power Company and the Truckee-Carson Irrigation District.

The opinion was rendered at the request of the legislature in a Senate Concurrent Resolution introduced by Senator J. L. Seawell which said in part:

"That the Attorney General is requested to take action including commencement and prosecution of necessary litigation, as will protect the interests of the people of this State in the waters of Donner Lake."

**Recounts History**

In rendering his opinion, the attorney general recounted the history of Donner Lake since the survey by the United States General Land Office made in 1865, citing the fact that a dam was constructed below the lake between 1870 and 1880 and that this dam was reconstructed in 1929 with concrete. It is the opinion of the attorney general that this is responsible for present water level of the lake.

He also pointed out that without control of the water through artificial means flooding of the highway and surrounding lands might occur.

**Praises Dam**

"From the natural appearance of the ground, it does not appear that at any time has the natural rim of the lake been lowered so as to permit drainage of the lake to a lower elevation than that which existed in a state nature," the opinion declared.

"On the contrary," he continued, "the level of the lake has been maintained at a higher elevation than would naturally have occurred except during the periods when the dam has been opened."

"The dam now in place stores water to approximately the elevation of 5936 feet above sea level, that is approximately 12 feet above the natural level of the lake," he declared. This leaves the meander line of the lake 12 feet under water."

**No Assurance to People**

What the opinion did not assure was that the Truckee-Carson Irrigation District and the Sierra Pacific Power Company shall be restricted to the use of the waters of the lake through regulatory powers imposed by the state, which was the purpose of the Senate resolution.

In other words there appears to be no regulation on the waters of Donner Lake except those to be self imposed by the utilities.

It was the desire of the Truckee Chamber of Commerce, which asked for the resolution in the legislature, to determine whether the Nevada utilities or the State of California had legal jurisdiction over control of the waters of the lake.

**Utilities Supply Data**

Evidently the facts referred to in the opinion, or at least some of them, were obtained from the utilities themselves.

"The Sierra Pacific Power Company and the Truckee-Carson Irrigation District have been most cooperative in furnishing all the information at their command and have outlined in detail to us their intended method of operation which in general follows what has been done since 1929," the opinion read.

"That method of operation is to use Donner Lake as a storage reservoir and to maintain the level of the lake as close to its maximum elevation as possible from every spring until approximately December of each year. Withdrawals from the lake are made in December, January and February to augment the flow of the Truckee River so as to permit operation of power houses along the Truckee river, at the same time conserving the waters of Lake Tahoe," the opinion went on.

So far as has been learned there is nothing in the law that will prevent drawing this water at all months of the year or preventing lowering the water beyond the present meander line if the Nevada utilities decide to.

### Armati Again Operates Fuel Business in Truckee

Andrea Armati this week took back his coal and wood business which he had sold to Jesse Gilman last winter. Armati said he is ready to make deliveries to his old customers and new at prices originally charged when he was operating the business.

**To Los Angeles—**

Mr. and Mrs. Hugh Carter left on Monday on a business trip to Los Angeles.

**Returning from East—**

William Bosen wrote from Minnesota that he plans to return to Tahoe City this week.

**Sanders Here—**

Mr. and Mrs. Orlan Sanders of Sacramento spent the Washington's Birthday weekend in Truckee.

**Returns Here—**

Miss Carol Brock, now living in Santa Rosa, spent the recent holiday weekend here.

**Celebrate Birthdays—**

Nick Sassarini, CBI veteran, arrived home in time to celebrate his coming of age on February 12. Bill Waters, navy veteran, became 22 two days earlier.

**New Plumber—**

Another new business has opened in Truckee this week. Arthur Cook has begun operation of a plumbing, heating and sheet metal work shop in the Nevada Hotel on River Street.

Lt. Herman Owens is one of the latest arrivals home an army discharge.

## Two Announce In Judge Race; Smith To Quit

### Former District Attorney Will Seek Post on Court

Following the announcement of Justice of the Peace C. E. Smith that he will not be a candidate to succeed himself after 12 years of service in the position at Truckee, two local men, F. A. Titus and R. N. Little, have filed their declarations of intention to seek the post at the forthcoming primary election on Tuesday, June 4th.

Vernon Stoll, former district attorney of Nevada county, has filed his intention to seek the superior judgeship to succeed George L. Jones who has announced he would retire. It was also expected that James Snell, veteran Nevada county attorney, will file his intention to seek this position before the deadline on March 1.

All judicial candidates, including justices of the peace, must file declarations by March 1. March 6 is the first day candidates may file their certifications and March 6 marks the final date for filing petitions with the county clerk to have names appear on the primary election ballot.

County Clerk R. N. McCormack urges all citizens who are not qualified voters to register if they wish to vote at the primary election. The last date for registering to vote for those not already qualified is April 25.

### GAME OFFICIALS DUE HERE MARCH 30 TO DISCUSS PROBLEMS

President A. G. Bradshaw, Truckee Outdoor Sportsmen, received word this week that members of the California Fish and Game commission will meet with local sportsmen and Nevada officials in Truckee on March 30. According to Emil J. N. Ott, executive secretary of the California commission, also announced that stream closures decisions will be made at the commission meeting on March 4 and 5 in San Francisco.

### Eastern Star To Resume Meetings Tuesday Night

Truckee Chapter No. 116, Order of Eastern Star, will resume meetings on Tuesday, March 5, following a two month's recess. A pot luck dinner will be held preceding the meeting at 6:30 p.m. under the supervision of Mrs. Elizabeth Bavier and her committee.

### Sugar Bowl Tow Checks Good All Day on Sunday

Gordon Hooley announced this week that in the future tickets on the tow at Sugar Bowl will not be limited to one ride on Sunday but may be purchased for the entire day. Hooley said that he has reservations up until May 15 for the busiest season the summit has ever known.

### Wyethia Meeting Next Thursday at Clubhouse

The first 1946 meeting of the Wyethia Club will be held at the clubhouse on Thursday, March 7, with Mrs. W. C. Gage presiding. The club will honor all past presidents at this meeting. The session will start with a luncheon at 1 p.m. to be followed by a skit and musical program.

Mrs. A. B. Polyanich is in charge of the luncheon and will be aided by Mesdames Annie Tonini, Hobart Snider and C. Edmunds. Mrs. N. F. Dolley and Mrs. T. F. Sheehan will have charge of reservations, which must be made before March 4.

Mrs. William Wilkie will present the skit Wrong Numbers with Mesdames A. P. Leitch, R. P. Bick and Jack Wolert in the cast. Mrs. Wolert will present Mrs. Ernest Dugan in several piano selections and Mrs. Vern Shattuck will be charge of the decorations.

### Sabins Have Son

Friends here have received announcement of the arrival on February 20 of a son, Richard Lyle, to Mr. and Mrs. Lyle Sabins of Orland, former Truckee residents. The new son weighed 8 1/2 pounds.

### Shopping—

The Ernest Tschopp family of Donner Summit was shopping here

# COLLINS, IN OFFICE 40 YEARS, TO TRY TO HOLD SEAT IN '46

Richard E. Collins of Redding, state board of equalization member since 1936, announced Friday that he will seek reelection in the third equalization district, which includes 25 northern California counties.

Veteran of 10 elections, often opposed, Collins has an unexcelled record for length of state service. During his tenure fiscal responsibility of the equalization board has increased about 40 fold. The board now assesses annual revenues in excess of \$100,000,000 in contrast with less than \$3,000,000 when he first took office.

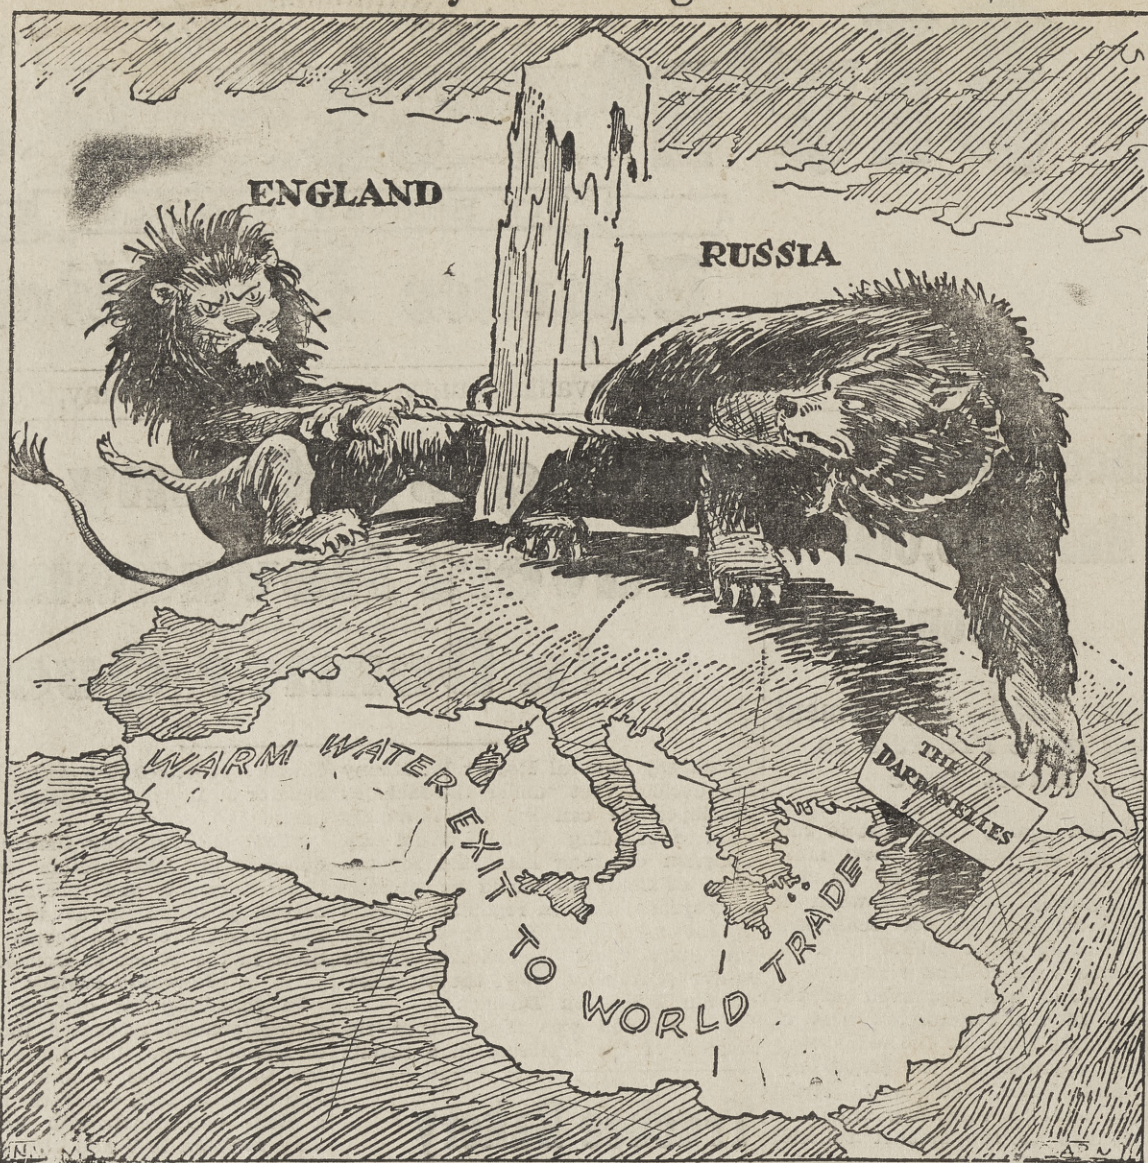

In announcing his candidacy for both the Republican and Democratic nominations at the primaries on June 4, Collins said:

"It has been my privilege to serve on the state board of equalization during a period in which California has made tremendous strides. My constant aim has been to see that the board discharges its responsibilities to the people faithfully, efficiently and courteously.

"As revenue needs have multiplied I have given my best effort toward achieving sound tax administration. When the board was made responsible for alcoholic beverage control 10 years ago, I endeavored to maintain equally high standards of public service.

"I believe that my background and experience will be valuable to the

## Century-Old Tug of War

## GOVERNOR REVIEWS SPECIAL SESSION; TO CONTINUE PROGRAM

SACRAMENTO—The end of the special session of legislature last week brought the comment by Gov. Earl Warren that "we have to be grateful for the things we get, rather than resentful regarding the things we don't get. We can keep on trying for the latter and must do so if we are going to have progress in California."

The governor said he "derived a lot of satisfaction from some of the things accomplished" during the session, including:

**Institutions:** "We can now get caught up with the needs of our hospitals, correctional institutions, university and state colleges. We will be able to relieve congestion in the hospitals for the mentally ill, and to render a higher standard of service to the unfortunate people in them.

"I am satisfied we can put our university and state colleges in shape to take care not only of the normal increase in registration but also the thousands of veterans whose education was interrupted by the war and now want to resume them."

**Housing:** "I find satisfaction in the \$7,500,000 appropriation made for emergency housing. This will help to relieve the tension on our returning veterans."

**Unemployment Insurance:** "We now made it possible for about 2,600,000 workers to receive unemployment insurance benefits when unemployed because of illness. This is tremendously important to the people of our state, particularly those in the lower income brackets for whom illness of any kind represents a disaster."

**Veterans:** "We can now reorganize our administration of veterans' affairs. This work will be put on a full-time and vigorous basis under the new legislation.

"The \$750,000 appropriated for veterans' education and \$175,000 appropriated for administering apprentice training will be of great assistance to many thousands of our veterans."

**Medical Centers:** "I am very pleased that a new medical center and college is to be established at Los Angeles and that the one at San Francisco may now be completed. I can visualize the good that will come from the scientific research and the excellent training that will be carried on at these institutions."

**Hospitals:** "I am happy that we are finally going to have a survey of the hospital needs of California. There can be no doubt that there are too few hospital beds in our state

to take care of our growing population. If this survey is made promptly and effectively, we will be able to participate in the proposed federal program for expanding hospital facilities."

**Reforestation:** "At this session, we have made an advance in our reforestation program. Our forests are dwindling, and unless substantial steps are taken in reforestation and good forestry practices, it will be only a matter of years before we will have depleted our supply of merchantable timber.

"We made a start when the Division of Forestry was reorganized at the 1943 legislative session. We took another important step when the 1945 session created forestry practice committees made up of practical lumbermen. The \$2,000,000 now appropriated for reforestation rounds out the foundation of a forestry program that will be extremely helpful and far reaching."

The governor said he "sincerely regretted" that "no major appropriation was made by the special session to help distressed school districts." A bill was passed by both houses, but was lost in a conference committee during the last few minutes of the session through failure to concur in amendments.

"The state has never had a better opportunity to assist the impoverished school districts than at this session," Governor Warren said. "We could have had this legislation if there had not been those who demanded that if anybody was to get anything, they were going to get something too."

## Fish Commissioner Asks To Be Relieved of Duties

The Governor's office announced that Don A. Civitello has asked the governor to be relieved of his duties as a member of the California Fish and Game Commission because of the press of personal business. The governor yesterday had not acted on the request.

Civitello was appointed by Governor Warren on March 15, 1944 to serve a six year term ending January 15, 1950.

people of California and I am submitting my candidacy with the hope that the voters of the third equalization district may again elect me to the office in which I have served so long."

By vote of his fellow members Collins has been chairman of the state board of equalization almost continuously since 1915. The third equalization district, which he represents includes Nevada, Placer and Sierra counties as well as 22 others.

## SIERRA SNOW PACK WELL OVER NORM SAYS STATE BUREAU

SACRAMENTO, Feb. 28 —(UP)—The mountain snow pack at the end of January, the department of public works reported, was six to eight weeks ahead of last year's in northern Sierra and from two to four weeks ahead in southern Sierra.

### DEBTS REDUCED

Every state reduced its gross debt last year except Nevada—which had none to reduce.

California, Idaho, Michigan, New Jersey, Pennsylvania and Utah cut their debts 20 per cent or more. California led in dollar reduction, \$70 million, or 28.8 per cent. Idaho, with a reduction of less than \$1 million, had a cut of 62 per cent.

## State Treasurer To Seek Reelection in June Vote

SACRAMENTO—State Treasurer Charles G. Johnson, dean of state officials by reason of his 23 years of public service, announced he would be a candidate for reelection. Johnson, who was reelected in 1942 in a landslide of 1,833,043, declared he would file on both Republican and Democratic tickets.

### SEEKS REELECTION

William R. Stephens, auditor of Placer county since 1934, announced he will seek a fourth term in the primary election.

Stephens served 12 years as postmaster in Roseville before becoming auditor. He was with the AEF in France as an infantryman in World War I.

## PAMPER YOUR WATER HEATER!

He's a priceless old dear!

Heavens to Betsy...wouldn't it be awesome if your water heater quit you cold? Here are four ways, however, to pamper the old dear to keep him happily and faithfully yours for a long time.

1. CUT DOWN ON WASTEFUL USE OF HOT WATER. Think before you draw even a quart or two of hot water. Was it necessary? Make it snappy when you take a shower. Rinse dishes in a pan...NOT under a running faucet. Use less hot water for a tub bath.

2. DRAIN YOUR WATER HEATER REGULARLY. To drain, open the valve on your heater and run water into a bucket until clear of sediment. That's all.

3. KEEP YOUR WATER HEATER CLEAN. Brush off the burner occasionally.

4. DO NOT HEAT WATER TOO HOT! If your water heater has an adjustable thermostat, set it to 120 degrees. It will be easier on your plumbing, too. Remember—if your plumber or repair man only when absolutely necessary. They are busy people these days.

## TRUCKEE, TAHOE SKIERS WIN AT STATE TITLE MEET

TAHOE CITY— Thanks to Carl Bechdolt Sr. of Tahoe Inn, who paid for the chartering of a special bus Saturday last for members of the Lake Tahoe Ski Club and local residents, a large crowd of Tahoeites made the trip to Spooner Summit for the Douglas County Ski Club's Snowshoe Thompson memorial meet which included California state jumping championships.

Sig Ulland, former Truckee and Tahoe ace, took first in A class with 216.8 and Tahoe's Max Straubhaar was third. Ronald Mangseth of Auburn was second.

Bill Campbell of Truckee placed first in B jumping with 206.1 with Bill Bechdolt of Tahoe second with 202.3.

Class C included all junior jumpers and was taken by Tahoe skiers. Bobby Stark was first, Terry Tollefson second, Howard Carnell third and Pete Ables fourth.

Following the meet the following Tahoeites went to Minden for the contestant's dinner and later to the dance at Genoa: Mr. and Mrs. William Bechdolt and her brother, Joseph O'Laughlin; SPAR Mary Baker, here for the weekend; Mrs. Gene Walker, Mr. and Mrs. Jay Shontz, Mr. and Mrs. Al Henry, Bette Wheat, Mr. and Mrs. Floyd Carnell and son Howard, Bob Stark, Mr. and Mrs. Carl Bechdolt Jr., and Mr. and Mrs. Max Straubhaar.

Tahoe's crop of young skiers are making quite a name for themselves and during the meet here on the 17th drew praises from numberless qualified judges because of their excellent skiing exhibitions. Sunday's slalom meet for their class resulted in the following record: Pat Dempsey first, Bob Dockham second, Jerry Quam third, Jimmie Morhain fourth, Lewis Fellows, 5th, Betty Boorman 6th, Jimmie Goodhue 7th and Bill Boorman 8th.

## Placer Shares in Fund

Placer county and its cities can get \$466,156 out of the \$90,400,000 appropriation recently made by the legislature with the enactment of a construction and employment act, the state taxpayers' association reveals.

Under the terms of the act, the county's share will be \$338,000 and the cities of Auburn, Colfax, Lincoln, Rocklin and Roseville will share the remainder on a per capita basis.

Of the county's share one-third is set up for road and highway purposes in the unincorporated areas of the county and two-thirds for construction of hospitals, sanitariums, detention homes, schools, sewage facilities, roads, highways, fire protection and prevention, flood control and harbor facilities.

## TAHOE BRIEFS

Harold Ambrosch of Glendale motion picture operator, spent several days at Tahoe taking movies of the lake in winter dress and visiting with friends. He left for home Monday following a visit at the Charles Swansons.

The lake level on Monday morning stood at 6227.38 with 72 CSF of water leaving the gates in town. Snow on the ground measured 35 inches and precipitation for the week was .52 of an inch. Coldest day of the past week was on the 25th with 18 degrees registered and warmest was on the 19th with 48. Beautiful weather prevailed Monday morning with the barometer going up.

Mr. and Mrs. Ray Frazier enjoyed a vacation stay at their Volcanoville ranch last week, returning on Wednesday. On Sunday evening they were guests at the home of Mrs. Corona in Tahoe Park. Last week the Fraziers took their little granddaughter Linda down to Auburn where she will again reside with her parents the Jim Fraziers.

Here for a visit with the Henry Solls at their home in Tahoe Pines last Friday were Mr. and Mrs. Louis Gerkin of Fair Oaks.

The Rudolf Zimmermans of San Francisco, who own a lovely lake shore home, Holiday House, in Tahoe Park, were guests at Homewood Hotel over the past weekend. They were accompanied by daughter Ruth and Lt. James Hale of San Francisco.

Mrs. George Tiffie and daughter Blodwyn of Tahoe City returned from a vacation trip of several weeks spent in the valley on Tuesday of last week.

Guests at Lake Chalets Motel over the weekend included Mr. and Mrs. Stanley Dollar Jr., Mr. and Mrs. Ollie Meeks, Mr. and Mrs. A. Luhrs, Mr. and Mrs. Pierce Milton and Richard Scott, all of the bay region.

Ray Prusso observed another birthday on Feb. 19. His brother Sherwood has gone to Long Beach to visit his folks, the Everett Prussos, and await the arrival of his first born due most any day now. Ray is caretaking in his stead and making his trap lines regularly during his absence.

Among those enjoying holiday vacations at their Tahoe homes were Dr. and Mrs. Russell Ryan of Marin county and their guests. The Ryan cottage is in Lake Forest.

Mrs. Alice Sigurdsson of Akureyri, Iceland, daughter of Mr. and Mrs. Henry Soll of Tahoe Pines, wrote she had just recovered from a siege of pneumonia. She had always wanted to explore the interior of one of Iceland's hospitals to see whether they differed from American ones, but had not anticipated doing it as a patient. She had regained her former good health at the time of writing.

## TAHOE LETTER To The Servicemen

From SWANEE  
Tahoe City, California.

Feb. 28th, 1946

Dear Tahoeites—  
Write you this week on Monday morning as a beautiful bright sun shines over the entire Tahoe region. Snow fell yesterday and left a light covering on forest and vale but temperatures remain comfortably bearable, lowest of the week being only 13 degrees. The birds are continuing their song fests in the pines and here and there pussy willows cover the branches of the willow. Today seems a perfect spring day in spite of the plentiful supply of snow remaining on the ground.

Had a lovely note from Mr. and Mrs. M. A. Lopes of San Leandro the first of the week informing us of the arrival of their first grandson on Feb. 1st in San Leandro. He is the first heir of their son and wife Mr. and Mrs. Melvin Lopes and is indeed a welcome addition to the family. They are all looking to an early arrival at their Timberland Tract summer home this season.

The Floyd Carnells received most welcome news last week when son T5 Dick Carnell, now stationed in Austria, wrote and told them not to send anymore mail to him after Feb. 22. He expects to be one of the 83rd Division who will be making their way back to the good old USA some time in March. His parents are also justly proud of the Presidential citation sent them by Dick's commanding officer setting forth the outstanding meritorious services, over and above the call of duty, which won him the Bronze Star.

Another happy mother here is Mrs. Katherine Corona of Tahoe Park for on Feb. 9th she motored to Camp Beale, near Marysville, with the Ray Fraziers to greet her son Captain Oliver Corona, just returned from the European Theater. The young soldier received his captaincy just before his release from the service. He wears, among other ribbons, four battle stars and the Bronze Star.

Visiting at the Swanson menage over the past weekend with daughter Jacquelyn, up from Hollister, is former Sgt. Norb Conival, formerly with the air corps. He entered service at Moffatt Field over four years ago and 31 months of that time was spent in the New Guinea and Philippine areas. He was awarded two Bronze Stars. He received his release from service at Camp Beale two months ago.

The A. M. Henrys of Tahoe are reported to have at last reached the bay region where they plan to visit with friends. Son Al, who has been tending to the garage business during their absence, expects a phone call from them today and looks for them to return to Tahoe this week.

Donnie Prusso's letter, received last week from Tingan, Okinawa, acknowledged receipt of his Indian mascot dolls, Skookum and Pukum, and he's taking all the ribbing his fellow marines can hand out. His former doll brought him good luck but was stolen from him, hence the replacement. Don says the gals of Okinawa go in for the papoose business, the youngsters being strapped on their backs with a pair of criss-crossed straps, and bounce around in their rear while their nurses play or work. Don tells of one midjet called Juto who comes about six inches above his knee, although he is 16 years old. He created a regular circus one day as he showed everyone how he could smoke with his feet. Don had his picture taken with him and will send one along if they are good.

Then there's Bobo, the monkey of the camp. He drank a can of GI beer and almost created a riot. He escaped for about three hours and had all the boys after him.

He says he has a box full of Suns and when he gets a little low he takes them out and rereads them. Says he and his company are going on liberty on his next Sunday to an island which received little

QUINTS CROWN SNOW QUEEN . . . The famous Dionne quintuplets officiated at the crowning of Frances Frail as "Snow Queen of the North," at North Bay's winter festival. This event is outstanding in Ontario's many winter celebrations.

bombing. Hope it won't be too long before Don can join his family once more.

Another nice long letter also arrived last week from Captain Hans Hansen, former Tahoeite who resided for years at Rubicon Lodge. We invited him to the Tahoe ski meet here on the 17th but he graciously declines to return until the ground shows through and the flowers bloom again. Says 26 winters were enough for him. Is still enjoying his weekly jaunts to Watsonville, Carmel, Burlingame and Monterey and has been getting in some fishing along the ocean. Says the crowds are increasing with the return of good weather. Had several fine jobs offered him but turned them down as he is taking this winter off for a good rest and vacation. Sends his best wishes to all his old friends at Tahoe.

Had a grand box of chocolates from Commander and Mrs. George Mawdsley in San Francisco and they were a real treat. Hope they can find some time to come up for that promised visit soon.

Mrs. Stella Watson of Clarksville is still waiting for me to come down and visit, but can't make it yet. Her daughter and husband Mr. and Mrs. George Collins of San Francisco spent the holiday weekend with them and will take little Timmy who has been visiting his grandparents back home with them.

Latest word from son Jimmie in North Carolina indicated they were just moving into Greensboro and were expecting about two weeks of processing which might mean their jaunt over the big pond will start in the near future. He hinted he might have a little surprise for me soon so I'm patiently waiting.

Heard yesterday that Blake Gos was home a couple of weeks ago for a visit with his wife Florence and family. He is now back in North Carolina and plans to attend photography school soon.

Will wind this up for the week as things are pretty quiet here now and probably will be until the rust opens in the spring. Hope this finds you all well and sitting right on top of the world and may Providence be with you today and always, As ever, SWANEE

Among Tahoeites who attended the American Legion dance in Truckee Saturday night were Mr. and Mrs. Ray Frazier, Mr. and Mrs. Charles Swanson, Mrs. Jacquelyn Kincaid, Mrs. William Steenis, Norb Conival, Colleen Morhain, Peg E. Stuart, Terry Tollefson, Mr. and Mrs. William Boorman, Sue Enfield and Harry Blanchard.

## FORMER LAKE MAN TO BUILD MODERN MOTEL AT COLFAX

COLFAX— I. H. Cupps of Oakland formerly of Pomins Lodge at Lake Tahoe, will erect a modern motel just east of the Colfax city limits.

The motel will consist of 20 units and will contain a restaurant 40x100 feet, and cocktail bar and lounge 40x100 feet, a swimming pool, tennis and badminton courts and a gasoline station.

The project, including the price of the property, will represent an expenditure of about \$150,000. Material already has arrived and Cupps estimates the project will be completed in about five months.

In addition to three acres for the motel, Cupps bought 225 feet of highway frontage property across from the motel site for a home.

Mrs. J. P. St. Sure of Piedmont opened the family home near the tavern over the holidays. She is entertaining guests.

## PLACER FAIR BODY REVEALS SURPLUS FREE OF DEBTS

AUBURN— The 20th Agricultural District in Placer county has received \$29,248.40 from the state as its share of the parimutuel money collected on horse racing in 1945.

Officials state this raises the cash assets of the district to \$51,084.40 with no indebtedness.

The district owns a 20 acre tract now leased to the army and no plans for a county fair can be made until it is released by the military.

# MY PLACE in the SUN

by DOUG BARRETT

There is a parts pirate at work in Truckee and as a friendly neighbor, I'd advise you car owners to pretty closely. One man, a recently discharged veteran with a lot of foreign service, reported that after he had secured the legal right to operate his car again, he found some one had entered his garage and lifted the vehicle starter mechanism. Another local man reported that a thief entered his garage and took a tire. When a little bad weather came along, the culprit returned and made off with a set of skid chains to use on the stolen tire. Other instances of seemingly trivial thefts have come to light, indicating that unless you take precautions, you may be the next victim.

Street Sees: Bill Campbell displaying his winning number '91' Saturday night after copping the state class B ski championship at Spooner Summit. Nick "Mahatma" Sassarini leaving the SP water works. Red Jolly leaving the ranks of the idle rich to redecorate the Sportland. Gordon Hooley, with a pack on his back, down from the Sugar Bowl after a record weekend. Vern Shattuck on Monday morn taking Sunday's booty from the theater to the bank. Bill Englehart Senior back from Salt Lake with a spring in his step. Tillie Smith off to Auburn for a visit. Greyhound depot crowded with snow bunnies Sunday for the return home. Ray and Vera Frazier homeward bound to Tahoe at 1:30 AM Sunday morning after the Legion dance Sat'dy nite. Eric Gram from Norden rolling down Commercial Row. Butch Meyers scanning the Downville Messenger. Supervisor Hank Loehr talking it over with his road boss Jim McIver. Barry Leamon and Stephanie Cozzi hand in hand down the sidewalk. Sheriff Carl Tobiasen looking like a candidate.

War is never over for the Red Cross. The Red Cross is still with the men of our occupation troops in foreign lands and at the side of our wounded brothers' sons, sweethearts and comrades. It is still our first line of defense in cases of disaster, disease and human suffering. The 1946 campaign for \$100 million will be conducted during the

## Initiative

By GEORGE S. BENSON  
President of Harding College  
Searcy, Arkansas

Looking Ahead

THE SON of a drainage engineer, who had done a great deal of supervisory work with and for his father, was inducted into the United States Army during the war. Before he had grown familiar with discipline he found himself digging a ditch to divert surface water from camp. His instructions had been verbal and reasonably plain but were not precise in every detail.

The youth had some knowledge of soil drainage and a real interest in it, so he set about to distinguish himself with good workmanship. When he was nearly half finished, his sergeant appeared, ruddy with indignation. Firmly the sergeant denounced the breach of discipline, going beyond orders. The recruit was confused and made a second mistake, speaking in his own defense.

"But, Sergeant" I thought...

"Oh, you thought!" scornfully echoed his superior. "What right have you got to think? Are you drawing a thinking man's pay?" Unlike SUCH is regimentation! Home The young man was not in school where superior work yields superior grades. He was not in business, where better work means better pay. He was in the army.

This is not a criticism of military discipline or army efficiency. I am no military expert. I use this story merely to illustrate how regimentation kills initiative. By the very nature of its work-

ings, regimentation is destructive of progress in peaceful pursuits. In despot-ruled countries, things happen to all thinking civilians very much like what the young recruit experienced.

Only IN LANDS where authoritarianism is completely centralized, strict obedience to orders is the matter of gravest importance to private individuals. However wise and kind the dictator, when power-hungry henchmen reach into private business (as invariably they do) progress is paralyzed. Farmers and all other workers learn from unhappy experience to do as they are told, period.

American business in general is operated with an aim to get maximum yield per hour of work. Executives and supervisors exist for no other purpose. More yield per hour means better wages for workers, more profit for management and lower prices for buyers who consume what is produced. The newest recruit on any job can get paid for an idea that improves production.

America is famous as the best place on earth to live. Many people know it who don't know why, but here's why: In America, ideas count. They have value. Anybody with an idea is free to use it and, if it's a good one, we all benefit. Thus, Americans live better than people under centrally planned systems where only the few think who are officially appointed to think.

## Written Exams Out In Renewal of Licenses

Gordon H. Garland, director of motor vehicles, said this week that the written examinations and driving tests will be discontinued when the drivers are applying for renewals of operators licenses.

Garland said tests will be given when necessary to assure for the public or when drivers are taking their first California examination. Simultaneously with the announcement the report came that the rate of traffic fatalities for the state is running in excess of the all time high figure when 3701 people were killed.

Guano deposits on the islands off the coast of Peru yielded \$375,000,000 profit during the past 25 years.

mon.h of March. All the services of the Red Cross depend on you and your voluntary contributions. Help fight the battle against human suffering—give generously in the 1946 Red Cross fund campaign.

By Theodore Maisch

The balsa wood tree of South America grows 65 feet in five years.

Louis XXII of France (1462-1507) usually retired to bed at 6 p. m.

The okapi, strange four-legged creature of the African Congo, has a blue tongue more than two feet long.

Eupalinus, Greek engineer of the fifth century B. C., cut a tunnel 4,240 feet long and eight feet square through a hill at Samos.

The earth's rocky crust is about 10 miles deep.

Cotton makes up about 50 per cent of the weight of smokeless powder.

Eggs sold for the equivalent of 6 cents a dozen in 14th century in England.

The average human brain contains 10,000,000,000 cells.

Out of 60 cars entered in the country's first automobile race in 1895 only six were able to start and only two finished the 25-mile course.

## CALIFORNIA RANKS THIRD IN PER CAPITA EXPENSES

SACRAMENTO, Feb. 28 —(UP)—Cost of state and local government this year will amount to about \$113.48 per capita, the California Taxpayers' Association stated.

This puts California, on a per capita basis, third highest in the nation, with New York and Nevada leading. The state ranks just below New York in total cash outlay for statet and local government costs.

SKI JUMPING CHAMPIONS . . . The national ski jumping champion, Alf Engen, Sun Valley, Idaho, right, whose 259-foot jump at the Steamboat Springs, Colorado, brought him top honors, is shown with Art Devlin, Lake Placid, N. Y., left, runner-up, and Eugene Wilson, center, who placed third.

## TAHOE BRIEFS

by SWANEE

Former Lt. Donaldine Grass of the WAVES, a resident of Sacramento where she was formerly a physical education instructor at Sacramento College, is enjoying a well earned vacation at her hilltop cottage on Dollar Hill with guests.

Mr. and Mrs. Jack Callahan of Reno are relaxing following the improvement in condition of their little five year old daughter Sharon who last week was seriously ill with pneumonia. Mrs. Charles Spaulding mother of Mrs. Callahan, left Tahoe last Monday morning early and remained with them through the child's crisis. Penicillin and efficient medical care saved her life. Mrs. Spaulding recently returned from several weeks visit with friends and relatives in Sacramento.

Vacationing at their Truckee River home over the holidays were Mr. and Mrs. Leslie Elliott and son Russell the latter a former member of the 11th Airborne division in the South Pacific battle area for three years. Their home is in San Leandro. Guests were Mr. and Mrs. George Hall also of San Leandro.

Little Gary Michael Trapp, son of Mr. and Mrs. Charles Trapp of Sacramento and grandson of the Charles Spauldings, also had a bit of bad luck on Thursday last. While visiting at the home of friends he ran across a red hot radiator grate in the floor while barefoot and badly burned the soles of his little feet. Latset word indicates he is recovering satisfactorily.

Mr. and Mrs. Robert Ahnstrom of Fallon are spending a short vacation at Tahoe in the Atherton home in Bittencourt Tract. She is the former Margaret Luhrs. Her aunt Mrs. C. W. Atherton is visiting Reno with Mrs. Weller Atherton at present.

## Mohan Named Officer In State Tax Order

AUBURN—Lou Mohan, Placer county tax collector, was elected vice president of the California State Association of Tax Collectors at their annual convention in Santa Cruz last week.

## BIBLE TRUTHS

PEACE

For God is not the author of confusion but of peace, as in all churches of the saints. I Cor. 14:33  
How beautiful upon the mountains are feet of him that bringeth good tidings, that publisheth peace; that bringeth good tidings of good, that publisheth salvation; that saith unto Zion, Thy God reigneth! Isa. 52: 7.  
Let us therefore follow after the things which make for peace and things where with one may edify another. Rom. 14: 19.

But the wisdom that is from above is first pure, the peaceable, gentle, and easy to be entreated, full of mercy and good fruits, without partiality and with hypocrisy. And the fruit of righteousness is seen in peace of them that make peace. James 3: 17-18.

Jesus said, 'Peace I leave with you, my Peace I give unto you. St. John 14: 27; Matt. 5: 9.

Blessed are the peacemakers. O that thou hadst hearkened to my commandments! then had thy Peace been as a river, and thy righteousness as the waves of the sea. Isa. 48: 18.

### Truckee Native of 1869 Dies in Anderson Home

John William Haller, 76, who was born in Truckee in 1869, was found dead in his Anderson home by Constable Dewey Casebeer. He had lived in Anderson since 1920. Casebeer said Haller had been dead for about two days when found this week and apparently had died of a heart attack.

### ANGLING LICENSES

Receipts from fishing licenses in 1945 set a new high of more than \$1,000,000, according to an announcement by the California Fish and Game Commission. The 1945 licenses brought a total of \$1,100,000 as compared with the previous high of \$933,586 in 1944.

## ENGLE SEEKS FUNDS FOR FOREST WORK IN LUMBER CRISIS

WASHINGTON—Rep. Clair Engle appeared before the subcommittee on department of agriculture appropriations to urge that sufficient funds be allocated during the 1947 fiscal year to carry out a comprehensive forest service program in behalf of the lumber industry.

Heading the list was a request for funds for access roads. Engle pointed out that to meet war demands most lumber operators had depleted the more accessible timber stands, and that to produce for the postwar market it will be necessary to open up new tracts and extend present operations.

"Opening of such tracts will depend largely on federal participation in building access roads, and in the interest of the national economy I hope approval of budget requests will be given," Engle told the committee. The amount requested for projects in the second district in the 1947 fiscal year have not yet been made public. The total expenditure for such roads both for lumbering and mining in the district during the 1946 fiscal year is estimated at \$2,874,000 for 640 miles of road. Most of the projects now have been completed.

The congressman also asked for funds for the forest service experiment station at Black Mountain, Lassen county, particularly for the study of lumber production and utilization problems; funds to place the forest genetics project at Placerville on a full-time basis; funds for the control of the bark beetle and funds for ample fire protection.

There are 3000 acres of artichokes planted around Halfmoon Bay.

## QUOTES OF THE WEEK

"I ain't got no plans."—Harold L. Ickes, after resigning as Secy. of Interior.

"Tastes just like home-made bread!"—Secy. of Agriculture Anderson, sampling new "wheat conservation" bread called "Truman loaf."

"There's no truth in it."—Chairman Hannegan, dening Pres. Truman said he wouldn't choose to run in '48.

"For Government to expect or attempt to require that business enterprise be carried on with no hope or incentive other than to break even is sheer folly."—Senators Capper, Wilson, Wherry, Buck, Capehart, attacking OPA "cost absorption" policy.

"Free collective bargaining is being replaced by collective demanding."—Board Chairman Ira Mosher, Natl. Assn. of Manufacturers.

"We wouldn't take the U. S. back, fried in butter!"—Chief Red Deer, of the Pueblo Indians.

The continental United States contains more than 1½ million square miles of territory favorable for the accumulation of oil, only half of which has been thoroughly explored.

## ROSEVILLE TEACHER IS SEEKING POST AS SCHOOLS OFFICIAL

Henry H. Ninas, welfare supervisor of the Roseville city schools, has announced he will be a candidate for the office of Placer county school superintendent in the June 4 primary. Ninas is a native of Auburn and a graduate of Placer Union High School and San Jose State College. He did graduate work at University of California.

He was principal of the Lincoln Grammar School in 1925 and 1926, for 10 years was principal of the Tuolumne city schools and was a member of the Tuolumne County Board of Education. He served in the army air forces in World War I.

## Labor Organ Illustrates Workers' Loss in Striking

A group of workers earning \$1 an hour go on strike. Management offers them a raise to \$1.12 an hour. The workers refuse. After eight weeks, government steps in and awards the strikers 18 cents an hour. Both sides accept. It will take three years before the six-cents spread, between the company's original offer and the government award, compensates the workers for the loss of eight weeks' pay. This hypothetical illustration is contained in Labor's Monthly Survey, an AFL publication.

The nation's first drive in filling station was opened in St. Louis, 1905.

**Home for Weekend—**

Miss Emma Daley of San Francisco, daughter of Mr. and Mrs. H. Clardella, enjoyed the snow, the ski hill and tow last weekend and hopes to be up soon again. She says there's nothing like coming home to Truckee.

**At Capitol—**

Mrs. Anton Mahne spent a few days on a business and pleasure trip to Sacramento this week.

**In Auburn—**

Mrs. Dan Smith visited Mrs. J. F. Lichtenberger in Auburn Sunday.

**To Oakland—**

Mrs. A. B. Polyanich is visiting her daughter in Oakland.

**Return from City—**

Mr. and Mrs. Roy Feathers have returned from a week's visit in San Francisco.

**Guests of Mrs. Fay—**

Mr. and Mrs. Jack Stary and Jean Clark of San Francisco were guests of Mrs. Edith Fay over Washington's Birthday. Stark is a nephew of Mrs. Fay.

**Party from City—**

Miss Azad Joseph of the WAVES and a party of friends from the bay district visited her family at Gateway Motel during the weekend.
